	First Registration		Standard Warranty Second Registration onwards*** (from the date of first registration, whichever occurs first)	
Model	Years	Km	Years	Km
Punch.ev 40	Lifetime*	Unlimited**	8^	1.60 Lakh^

* Summary of Terms and conditions for Lifetime HV Battery Warranty are as below: The specific details of the Terms and Conditions are as published on TATA.ev website (https://ev.tatamotors.com/). The Lifetime HV Battery Lifetime warranty is exclusively applicable under the following vehicle types and conditions: Registrations in the name of private individuals. Registrations made under the company perk car scheme for employees, including subsequent transfers of the vehicle to the same employee. In the event the perk car is sold or transferred to any third party (not being the aforementioned employee), such third party shall be treated as second or subsequent owner for the purposes of the lifetime HV battery warranty. * The term 'Lifetime' refers to the period of fifteen years from the first date of registration of the vehicle at the local regional transport office, in accordance with the Motor Vehicles Act, 1988. **The term 'Unlimited' is on the assumption of fair usage by a customer for personal use of the vehicle and therefore excludes extra-ordinary or usage outside the ordinary course as would be reasonably expected for vehicle not being used for commercial / trade purposes. *** It is incumbent on every second (or subsequent) owner to inform TATA Passenger Electric Mobility Limited of the vehicle ownership transfer for Lifetime HV Battery Warranty to apply. The lifetime HV Battery Warranty shall not be available to the second or subsequent owner in absence of such notification. ^ Under ambient test conditions. ε ARAI Certified, Urban + Extra Urban (MIDC Part 1 + Part 2), actual performance figures may vary depending on various conditions including driving pattern, etc. ^ For every sale of vehicle second registration onwards, the date of first registration and kilometer coverage starting from such date of first registration, shall be considered as the baseline for calculating the said term of years and said coverage of Kms. Respectively ◆ As per internal testing data, under test ambient temperature conditions. +All values pertaining to boot space are measured as per VDA method in Litres. ^under certification.
